# **STANDARD GUARANTEE**

**of**

## ***American Shorthorn Breeders' Association***

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

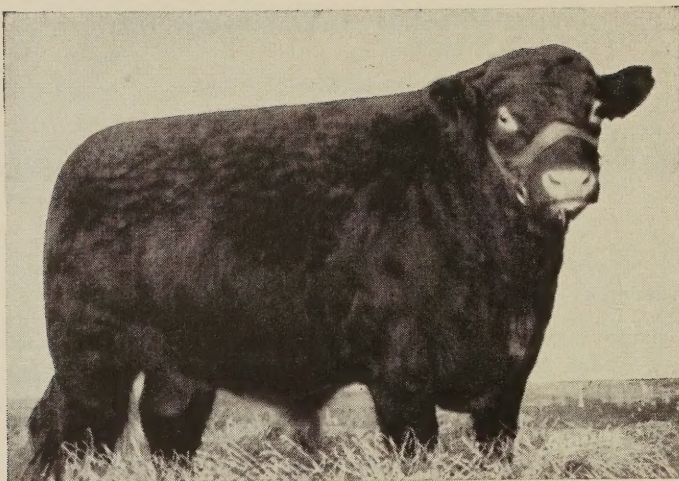

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such cases is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

The above guarantee and terms shall constitute a contract between consignor and buyer of each lot.

# **Come To Ohio For Real Polled Shorthorn Improvers**

Proof that the real Polled Shorthorn improvers may be procured in Ohio was well illustrated in the recent dispersal sale of the famed Cherry Hill herd. In this auction of the world's most famous Polled Shorthorn breeding firm there were 20 females included in the offering that were bred by Ohio breeders. Also included in this sale were 17 young bulls and females out of Ohio bred females that were sold for an average of \$881. This is conclusive proof that Ohio Polled Shorthorns are the breed improving kind.

On June 2nd those that wish to build their herds will have an opportunity to buy from the most select offering ever assembled in the Buckeye State. Study the pictures and the pedigrees of the animals selling, then plan to attend this important auction sale.
